PRODUCT SPECIFICATION & TECHNICAL DATA

FP42 - 6M Retractable Fall Arrest Block

Collection: Fall Arrest Blocks
Range: Height Safety
Materials: Steel Rope, ABS Plastic Shell, Alloy Steel, Heat Treated
Outer Carton: 3

Product information

This Fall arrest block comprises of a retractable lifeline made of wire rope which is stored on a reel, within a protective housing. The reel is spring-based to wind the retractable lifeline in and incorporates an inertia brake mechanism, which allows the lifeline to be slowly extracted and automatically retracted to accommodate the users body movements. It also comprises of a swivel snap hook with a double safety lock and fall indicator.

Fall Arrest Blocks

The Portwest collection of Automatic fall arrest blocks are designed to be used with all Portwest harnesses and connectors. In the event of a fall, automatic fall arrest blocks will lock and stop your fall after a short distance.

Height Safety

Height Safety is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of Height Safety products for working at height.

Standards

EN 360:2002
EN 362:2004 A
