Technical Data Sheet

3M No-Touch Foam Earplugs, P2000, NRR/29dB, Purple, 100 Ct.

Product category	Earplugs
Product codes	SKU: MMM9304598014 UPC: 093045980147

Product description

3M™ No-Touch™ Foam Earplugs P2000: uncorded, push-to-fit purple foam earplugs with a Noise Reduction Rating (NRR) of 29 dB.

Pack of 100 (as listed).

Key benefits

- Push-to-fit design, so no roll-down is needed
- Paddle grip (LiveWire stem) helps with insertion and removal
- Ear tips stay clean even when hands or gloves are dirty
- Bell-shaped soft foam tips fit a wide range of ear canal sizes and shapes
- NRR 29 dB; CSA Class AL
- Compatible with the 3M™ E-A-Rfit™ Validation System for fit testing

Typical applications

- Hearing protection in noisy industrial and occupational work areas

How to use

- Hold the earplug by the paddle grip.
- Push the foam tip into the ear canal until it seals; no rolling needed.
- Remove by gently pulling the paddle grip.

3M notes that the NRR may overestimate protection in typical use and recommends personal fit testing; reducing the NRR by 50% gives a better estimate of typical protection.

Product information summarized from the manufacturer (3M / 3m.com). For industrial/occupational use.
