Product description

DuPont™ Tyvek® 400 coverall (TY122S) with attached respirator-fit hood and attached skid-resistant boots: flash-spun high-density polyethylene for an ideal balance of protection, durability and comfort. Applications include lead and asbestos abatement/remediation, general maintenance and operations, spray painting and general clean-up.

Sizes Medium to 7X-Large. Options: VP, 00, NF. Case of 25.

Key benefits

- Inherent barrier against particles down to 1.0 micron; no films or laminates to abrade or wear away
- More consistent barrier than microporous film fabrics, even after wear and abrasion
- Comfort fit design for greater range of movement, a more tailored fit and reinforcement in high-stress areas for fewer blowouts
- Attached respirator-fit hood with elastic face opening, covering neck and chin and fitting around a respirator face mask

Prepared by Russmill Safety from publicly available manufacturer information and our product listing. This is not the manufacturer's original publication. For legally required safety data, use the manufacturer's official Safety Data Sheet.

Prepared by Russmill Safety · November 2026

- Longer zipper extends to chin for easier donning and doffing and full neck coverage; storm flap
- Elastic waist, elastic wrists
- Attached Tyvek® FC boots with special coating for added skid resistance

Specifications

Material	Tyvek® 400 flash-spun high-density polyethylene
Style	TY122S
Packaging	Case of 25
