Product description

KEEN Utility women's Lansing Mid waterproof work boot with steel safety toe. Waterproof and breathable, these steel toe work boots were designed for all-day comfort, support, and stability on the job. Reflective safety features run the entire length of the shoe for added visibility.

Sizes 6 to 15; widths: Regular, Wide. Colours: Raven/Tawny Olive.

Key benefits

- Left and right asymmetrical steel toes
- KEEN.Dry waterproof, breathable membrane
- TPU shank for midfoot support

- Torsional stability shank (TSS)
- Reflectivity webbing from toe to heel for additional safety and visibility
- **KEEN.DRY**: A proprietary waterproof, breathable membrane that lets vapor out without letting water in.
- **Left and Right Asymmetrical Safety Toe**: Uniquely anatomically correct steel, aluminum, & composite toe designs provide a roomier toe box and maximum comfort. Meets ASTM F2412-11 and F2413-11 I/75 and C/75 Standards.
- **Electrical Hazard**: Provides a secondary source of protection when outsole accidentally comes in contact with live electrical circuits, helping to reduce the potential of electric shock.

How to use

- We've carefully selected leather uppers designed to last. Then again, if you're wearing your KEENs daily, they won't always be scuff and dirt-free. To treat day to day wear and tear, especially on lighter color leathers, we recommend using a leather cleaner and conditioner, found at most footwear dealers and/or shoe repair shops.

Specifications

Weight	23.1 oz / 656.3 g
