Technical Data Sheet

DuPont™ – Tyvek® 400

Brand / manufacturer	DuPont
Product category	Chemical Resistant Apron
Product codes	SKU: TY273BWH00010000

Product description

DuPont™ Tyvek® 400 Bib Apron (TY273B). Tyvek® 400 garments are composed of flash spun high density polyethylene which creates a unique, nonwoven material available only from DuPont. Tyvek® 400 provides an ideal balance of protection, durability and comfort of any limited use fabric technology. Tyvek® 400 fabric offers an inherent barrier against particles (down to 1.0 micron in size). Protection is built into the fabric itself; there are no films or laminates to abrade or wear away. Tyvek® 400 fabric's durability advantage over microporous film fabrics delivers consistently better barrier, even after wear and abrasion.

One size. Option codes: 00.

Key benefits

- Provides enhanced frontal protection
- Bound seams around neck
- Ties at waist
- One size fits most

Typical applications

- Lead and asbestos abatement/remediation
- General maintenance/operations
- Spray painting
- General clean-up

Specifications

Fabric/Materials	TYVEK® 400
Design	Bib Apron
Seam	Bound
Color	White
Quantity/Box	100 per case
Style	TY273B
