Product description

KEEN Utility men's Dearborn 6" waterproof work boot with carbon-fibre safety toe. The Dearborn features an innovative upper material, KEEN.FLEXARMOR, that is a lightweight, ultrastrong seamless woven textile with more abrasion resistance than leather. Coupled with our KEEN.DRY waterproof, breathable membrane and air-injected Luftcell outsole, it provides lasting comfort so you can dominate your shift and whatever comes after.

Sizes 7 to 15. Colours: Black/Grey Steel.

Key benefits

- American Built using the finest materials from around the world
- Left and right asymmetrical, non-metallic carbon-fiber toes offer unobtrusive fit and are 15% lighter than steel
- KEEN.DRY waterproof, breathable membrane
- Electrical hazard (EH) or Electric Shock Resistant (ESR) footwear provides a secondary source of protection incase accidentally coming into contact with live electrical circuits
- Heat resistant, rubber outsole rated up to 572° F / 300° C
- 90° heel (5/8" Height) provides stability and helps "catch or lock" the foot in place
- Nylon shank for midfoot support
- KEEN.FLEXARMOR: A breathable, abrasion-resistant fabric – more durable than leather
- Direct attach PU construction creates a strong bond between the upper and outsole without the use of glue or cement
- KonnectFit heel-capture system for a locked-in feel
- **KEEN.DRY**: A proprietary waterproof, breathable membrane that lets vapor out without letting water in.
- **Electrical Hazard**: Provides a secondary source of protection when outsole accidentally comes in contact with live electrical circuits, helping to reduce the potential of electric shock.

Prepared by Russmill Safety from publicly available manufacturer information and our product listing. This is not the manufacturer's original publication. For legally required safety data, use the manufacturer's official Safety Data Sheet.

Prepared by Russmill Safety · November 2026
