Product description

KEEN Utility women's Vista Energy Mid work sneaker with carbon-fibre safety toe. Designed for a woman’s foot and built with KEEN.ReGEN midsole cushioning, offering 50% energy return with every step, a breathable, engineered mesh upper, carbon-fiber toes, and a KonnectFit heel capture system, this work sneaker is ready to keep you active and comfortable for your whole shift and beyond.

Sizes 5 to 11. Colours: Vapor/Black.

Key benefits

- Left and right asymmetrical, non-metallic carbon-fiber toes offer unobtrusive fit and are 15% lighter than steel
- Electrical hazard (EH) or Electric Shock Resistant (ESR) footwear provides a secondary source of protection incase accidentally coming into contact with live electrical circuits
- 100% non-metallic construction for easily passing through metal detectors in highly-secured areas
- Nylon shank for midfoot support
- Non-mutilating upper reduces the chance of marking or scratching surfaces
- KonnectFit heel-capture system for a locked-in feel
- Secure fit lace capture system
- Mesh liner provides breathability to help keep feet cool in warm environments
- Cleansport NXT Technology for natural odor protection*
- **Electrical Hazard**: Provides a secondary source of protection when outsole accidentally comes in contact with live electrical circuits, helping to reduce the potential of electric shock.

Typical applications

- Warehouse

Prepared by Russmill Safety from publicly available manufacturer information and our product listing. This is not the manufacturer’s original publication. For legally required safety data, use the manufacturer’s official Safety Data Sheet.

Prepared by Russmill Safety · November 2026
