Technical Data Sheet

MARINE FIRE SIGN, IMO FIRE CONTROL SYMBOL: SPACE PROTECTED BY FOAM FIRE EXTINGUISHING SYSTEM

Brand / manufacturer	American Nautical
Product category	Safety Sign
Product codes	SKU: PV6861EE

Product description

American Nautical marine fire sign with IMO fire control symbol: Space Protected By Foam Fire Extinguishing System.

Key benefits

- IMO fire control symbol for marking fire equipment on board
- Matches Fire Plan symbols so crew can locate equipment quickly

Typical applications

- Identifying fire control equipment on board to match the vessel's Fire Plan

Specifications

Symbol	Space Protected By Foam Fire Extinguishing System
Item	PV6861EE

Regulations

Although not required by regulations, many vessels use signs showing Fire Plan symbols to identify equipment on board. SOLAS (Consolidated edition 2001, Ch. II-2 Reg. 20; 2000 amendments Ch. II-2 Reg. 24) requires fire control symbols on Fire Plans to IMO Resolution A.654(16). SOLAS (Consolidated edition 2004, Ch. II-2 Reg. 15, as amended) requires symbols to IMO Resolution A.952(23), which refers to ISO 17631. Vessels constructed before January 2004 may continue to use A.654(16) symbols until the Fire Plans need major modification or replacement; new plans, and any signs identifying fire control equipment, should then follow ISO 17631.
