Product description

KEEN Utility men's Juneau Romeo waterproof pull-on work boot with carbon-fibre safety toe. The Juneau offers pull-on convenience with work-focused, tech-forward features. This boot stands strong amongst the American Built* work boot collection by incorporating a carbon-fiber toe, KEEN.DRY waterproof, breathable membrane, LuftCore shock absorption in the heel, and a sure-footed lugged, siped outsole.

Sizes 7 to 12. Colours: Black/Black.

Key benefits

- American Built using the finest materials from around the world
- Left and right asymmetrical, non-metallic carbon-fiber toes offer unobtrusive fit and are 15% lighter than steel
- KEEN.DRY waterproof, breathable membrane
- Electrical hazard (EH) or Electric Shock Resistant (ESR) footwear provides a secondary source of protection incase accidentally coming into contact with live electrical circuits
- Heat resistant, rubber outsole rated up to 572° F / 300° C
- 90° heel (5/8" Height) provides stability and helps "catch or lock" the foot in place
- 100% non-metallic construction for easily passing through metal detectors in highly-secured areas
- Nylon shank for midfoot support
- Non-mutilating upper reduces the chance of marking or scratching surfaces
- LuftCore air-inject core for additional heel cushioning and shock absorption
- **KEEN.DRY**: A proprietary waterproof, breathable membrane that lets vapor out without letting water in.
- **Electrical Hazard**: Provides a secondary source of protection when outsole accidentally comes in contact with live electrical circuits, helping to reduce the potential of electric shock.

Typical applications

- Trucker
- Framing
- Carpentry
- Electrician
- Construction
- Work environments: Outdoor/Indoor, Varied terrain, walking surfaces, Wet

How to use

- Gently brush leather with a soft bristle brush or hand towel to remove loose dirt and debris. Tough stains may require a leather cleaner.
