Product description

KEEN Utility men's Lansing Low waterproof work shoe with steel safety toe. Made with durable, waterproof leather and featuring a moisture-wicking lining, these steel toe shoes will keep you cool and dry. Reflective safety feature

runs from heel to toe for added visibility on the job.

Sizes 7 to 15; widths: Regular, Wide. Colours: Cascade Brown/Fired Brick, Magnet/Majolica Blue.

Key benefits

- Left and right asymmetrical steel toes
- Torsional stability shank (TSS) for midfoot support
- Reflectivity from toe to heel for additional safety and visibility
- Meets ASTM F2412-11 and F2413-11 M I/75 C/75 EH standards
- **Left and Right Asymmetrical Safety Toe**: Uniquely anatomically correct steel, aluminum, & composite toe designs provide a roomier toe box and maximum comfort. Meets ASTM F2412-11 and F2413-11 I/75 and C/75 Standards.
- **Metatomical Footbed Design**: This internal support mechanism is anatomically engineered to provide excellent arch support and cradle the natural contours of the foot.

How to use

- We've carefully selected leather uppers designed to last. Then again, if you're wearing your KEENs daily, they won't always be scuff and dirt-free. To treat day to day wear and tear, especially on lighter color leathers, we recommend using a leather cleaner and conditioner, found at most footwear dealers and/or shoe repair shops.

Specifications

Weight	21.0 oz / 595.3 g
Materials	Waterproof leather upper; Oil- and slip-resistant non-marking rubber outsole; Moisture-wicking textile lining; Removable, metatomical dual-density PU footbed
Toe Type	Steel Toe
Duty Type	Light Duty
Safety	Water Resistant; Oil and Slip Resistant

Product information summarized from the manufacturer (KEEN Utility / keenfootwear.com).
