Technical Data Sheet

Philips HeartStart OnSite - Rescue-Ready Unit

Brand / manufacturer	Philips / American AED
Product category	HeartStart
Product codes	SKU: RSM5066A

Product description

Philips HeartStart OnSite AED, Rescue-Ready unit: guides lay rescuers with voice and visual cues.

Key benefits

- Voice commands and a torso diagram guide pad placement and each rescue step, at the user's pace
- SMART Biphasic therapy: high current with lower energy dose, designed to help minimise side effects (as listed)
- Quick Shock feature reduces interruptions to chest compressions; shock delivery after CPR in about eight seconds (as listed)
- Heart rhythm assessment decides whether a shock is advised
- Daily, weekly and monthly self-tests (85 tests) check internal circuitry, lithium battery and SMART Pads
- Recognises Infant/Child SMART Pads, automatically lowers the energy level and switches to infant/child CPR prompts

Specifications

Therapy	SMART Biphasic
Pads	OnSite SMART Pads; Infant/Child SMART Pads recognised
